

## Technical Oracle OIM Support at Advantage Resourcing Charlotte, NC 28282

---

### About the Job

**Candidate must have OIM connector experience.**

This position is a technical role that will assist with maintenance and support of the production and test infrastructure and system for the IAM system, built on the Oracle OIM software, a java-based Weblogic solution. The candidate should have experience working in corporate environments directly with large complex java Weblogic application configuration and support, web hosting with multiple server tier levels, and application and server level clustering and load balancing. This position will require the candidate to follow corporate policies regarding security, documentation, audit and change control processes.

#### Required Qualifications

- 3+ years of Oracle Identity Management experience
- 5+ years of web systems environments experience
- 5+ years of Weblogic experience
- 5+ years of application production support experience
- 5+ years of Red Hat Linux or UNIX experience
- 5+ years of Apache experience
- 3+ years of experience working in an application development or infrastructure support technical team
- 3+ years of experience deploying applications and patches using SCCM in an enterprise environment
- 3+ years of Microsoft Windows server or Desktop Operating System support experience
- 3 + years of Networking experience
- 2+ years of LDAP (Lightweight Directory Access Protocol) experience
- 2+ years of SSL (Secure Sockets Layer) Internet security protocol experience
- 2+ years of MS Active Directory experience
- 2+ years of NAS experience
- 2+ years of relational database experience

- A BS/BA degree or higher Submit only 1 candidate at the time.
